Manufacturing Boot Camp

Spoon River College's Manufacturing Boot Camp is designed for anyone searching for a job in manufacturing or who has recently joined the manufacturing workforce. This boot camp will provide attendees with the basic knowledge to help them succeed at their job or make themselves more hireable to employers.

Topics will include:

- Introduction to Machining and Electricity
- Machine Shop Mathematics
- Blue Print Reading and Tolerance
- Measuring
- Safety in the Workplace
- Essential Workplace Skills

**Your future is
waiting, enroll
