

Spoon River College Office of Community Outreach presents:

NEW! MORE THAN BLACK HAWK: NATIVE AMERICANS IN ILLINOIS HISTORY—

Celebrate the 200th anniversary of Illinois as a state by learning about the first Illinois residents—the Native Americans. With the exception of the Black Hawk war and passing references to Cahokia and Dickson Mounds, few historians have discussed the rich Native American

history of the region, including the name of the state itself. Learn about the Sauk, Fox and the Kickapoo tribes, who held their own against the fierce Sioux, Iroquois, Comanche and Apache tribes, as well as the whites who later took over the region. This course will spark your interest in Illinois' rich heritage!
